

ANALYTICS & REPORTING DASHBOARD

Purpose: Showcase business intelligence and self-service analytics capabilities.

Feature	What It Demonstrates
Production Trends	Line chart of coffee production by month/year
District Performance	Bar chart comparing compliance rates across districts
Exporter Dashboard	Top exporters by volume, compliance status, export destinations
Custom Report Builder	User selects filters (date range, district, crop) to generate report
Export Report	Generate PDF/Excel report for regulatory submission
Drill-Down Capability	Click on a district → see individual farms → see compliance details

Key Message for Evaluators: *"Users with no technical background can build their own reports, export them for EU authorities, and drill down from national summary to individual farm details."*
